We are pleased to announce that our **Financial Fitness Fridays** series is back. Designed to improve your employees' financial resilience, our autumn series is packed with the latest information on financial wellbeing, top tips on the latest financial matters and expert panelists.

We've taken all the feedback from our first series and, this autumn, we will cover the most requested topics. Alongside Darren Laverty, our expert guest panelists will discuss:

- pensions and advanced retirement planning;
- investment strategies and vehicles;
- mortgages and the property market; and
- debt management and how to get out of debt.

Here's what people said about series one.

"Really good presentation. Excellent presenter. Clear, easy to follow. Successfully squeezed a lot into the 30 mins. Keep doing what you're doing!"

Kathy Powers-Moore - Rabobank

"The presentation was very user-friendly, and we will be recommending the rest of the series to our employees, thank you."

Maria Padley - Getronics
